## **CIARDELLI FUEL CO. – “NO HEAT CHECKLIST”**

- 1. Check to make sure you have fuel in your tank. Make sure the tank gauge is working properly. If you have no fuel, call Ciardelli Fuel for a delivery at:  
**(603)673-1336**
- 2. Check to make sure all of your thermostats are turned up and in the “on” or “heat” position. If the thermostat uses batteries, make sure you have fresh batteries installed in them.
- 3. Check to make sure your emergency switch (on an oil system) is on. There is usually a switch at the top of the stairs & one on the burner itself.
- 4. Check to make sure the circuit breaker is on.
- 5. If the appliance fails to start, press the reset button on the burner one time. (oil system only)
- 6. If the appliance still fails to start, call Ciardelli Fuel for service at:

**(603)673-1336**
